578045001	500	48"	71 1/2"	53"

Many larger sizes available up to 10,850 gallons.

Tanks Stands for Flat/Cone Bottom Tanks up to 48" diameter.

The revolutionary polyethylene stand designs are built to withstand the weight of 1.9 specific gravity (16 lbs. per gallon) material in both flat and cone bottom configurations. Stands are available in either 12" or 18" elevations off the floor for plumbing and pump clearance. Stands can be permanently mounted to the floor or be used in mobile applications with appropriate restraint banding.
